Hi Stephen,

I will be happy to help. Are you using the same format that Stephen Tzhone used for the River City Meeting? Stephen sent out a draft presentation and asked me to provide a few slides. I am attaching the presentation that Stephen used at River City. Will you be having a team meeting next week in preparation of the community meeting? I can either wait until you send out a draft presentation/outline and add my slides at that time or send you 3-4 slides- which you can incorporate.

Subject: Power Point Presentation for the Lane Plating Superfund Site (site assessment information)

Greetings Brenda,

I am the new project manager for the Lane Plating Superfund Site. I am currently working on a PowerPoint presentation for the Site. I was informed that you had help provide Stephen Tzhone with site assessment information for his River City Metal Superfund Site Presentation. Could you please provide me with site assessment information for my PowerPoint presentation for the Lane Plating Superfund Site?

Respectfully,

Stephen Pereira
